Save the Children Sweden fights for children's rights.
We influence public opinion and support children at risk,
in Sweden and in the world.

Our vision is a world which respects and values each child,
a world which listens to children and learns, and
a world where all children have hope and opportunity.

Save the Children Sweden publishes books and reports to disseminate
knowledge about the situation of children, to provide guidance and inspire
new thoughts and discussions. You can order our publications by contacting
us directly or by visiting our bookshop on the Internet, www.rb.se/bookshop
